CRNA BRIDGE PROGRAM

30 FTE CRNA Positions Filled in 3 Months

Major public, nonprofit Level I Trauma Center

THE CHALLENGE

A 874-bed Level I Trauma Center — ranked top 5 nationally for patient volume — needed 30 FTE CRNAs. The facility staffs 59+ sites per day across multiple shift types including OB (8,000 deliveries/year), pediatric, cardiac, neuro, transplant, and major vascular.

THE ARK SOLUTION

- 1 Jan 29, 2025: Request received. Network activated same day
- 2 Week 2: 11 candidates placed, filling 8.5 FTE positions
- 3 Week 8: 13 additional CRNAs added to roster
- 4 April 25, 2025: All 30 CRNA FTE positions filled. 41 total candidates placed. Zero cancellations

11

candidates placed in 2 weeks

30

CRNA FTE positions fully filled

41

THE PAYOFFS

- ✓ 11 candidates placed in first 2 weeks — 2x the industry norm for complex programs
- ✓ Reduced surgical wait times and eliminated administrative burden from turnover
- ✓ All 30 FTE positions filled by April 25, 2025 — on schedule despite extraordinary complexity
- ✓ Full continuity of care — patients received consistent care from familiar providers
